

A heart passionate and full of love for all mankind

On June 27th 2025, date of the Solemnity of the Sacred Heart, will be the closing of the Jubilee of the 350th anniversary of the apparitions of Jesus to Margaret Mary Alacoque at Paray-le-Monial (France).

Christ appeared to Sister Margaret Mary, a nun of the Visitation Order, from the end of December 1673 to June 1675 and shared with her His Heart. There were 3 apparitions between December 27th 1673 and the octave of the Feast of God in June 1675.

This message had 3 dimensions: Jesus showed His Heart which so loved the world, so passionately full of love for all mankind; He regrets receiving in return only ingratitude and indifference; He asks reparation this lack of love, specifically by the institution of a feast day to honor His Sacred Heart, the Feast of the Sacred Heart. From this was born **the devotion to the Sacred Heart**.

Jesus explains that His Heart is full of love for us.

This is not a distant love but a **burning and ardent love that** He has for **each of us**. Jesus has **an immense thirst** to communicate to us the love of His Heart and that this love touches and embraces each of us.

He affirms that His Love is “for all mankind and **for you specifically**” and asks us to welcome the grace of **accepting the personal love** that He has for each of us.

In this month of the Sacred Heart, let us ask Our Lord to let us rest in His Heart in order to see His Love for us. Let us beg Our Lord to **inflame our hearts with His Love**.

Members of the Teams of the Rosary, may our lives be a reflection of a heart overflowing with love for the brothers and sisters that we meet on our journey.

Christine Pettinari
International Coordinator of the Rosary Teams
